Our Quality CNA Training course trains individuals in the art of caregiving, focusing on the five principles of care that should inform every decision a caregiver makes: safety, privacy, dignity, independence, and communication. Our comprehensive training approach includes a variety of learning styles to help every student master their skills. In addition to in-class activities, each student has the opportunity to receive one-on-one instruction outside of class to help master their skills.

**Course Length:** 120 hours, plus an additional 12 hours which includes the American Heart Association Basic Life Support and Heartsaver First Aid courses along with Blood Pressure and Bloodborne Pathogens Training.
