## March 2021: PM Class Schedule

Course ID#: **NG022221**

Our Quality CNA Training course trains individuals in the art of caregiving, focusing on the five principles of care that should inform every decision a caregiver makes: safety, privacy, dignity, independence, and communication. Our comprehensive training approach includes a variety of learning styles to help every student master their skills. In addition to in-class activities, each student has the opportunity to receive one-on-one instruction outside of class to help master their skills.

**INDEPENDENT Google Classroom:** Although we have designated specific times for you to work on your Google Classroom, this work is done independently and at a time that works best for you. HOWEVER, you must have all of the required goggle classroom work completed by 03/15/2021. Your online instructor will explain this in detail during your first zoom meeting on 02/22/2021 at 8am. Zoom meetings are typically 30 - 60 minutes.

**Course Length:** 75 hours
