September - October 2022 Day Class Schedule

Course #SBG082322

Our Quality CNA Training course trains individuals in the art of caregiving, focusing on the five principles of care that should inform every decision a caregiver makes: safety, privacy, dignity, independence, and communication. Our comprehensive training approach includes a variety of learning styles to help every student master their skills. In addition to in-class activities, each student can receive one-on-one instruction outside of class to help master their skills.

INDEPENDENT Google Classroom: Online assignments are due by the dates outlined below. All remaining materials must be completed by close of business on 09/06/2022. Your online instructor will explain this in detail during your first zoom meeting on 08/23/2022 at 8 AM. Zoom meetings are typically 45 - 60 minutes.
